

## **Congratulations to CARF International on 60 Years of Leadership and Impact**

On behalf of the American Seniors Housing Association, we congratulate CARF International on its 60th anniversary and commend its enduring leadership in strengthening quality across health and human services. Over six decades, CARF has helped organizations move beyond compliance toward a culture of continuous improvement—one that puts people first while encouraging accountability, learning, and measurable outcomes.

For seniors housing providers, CARF's work has reinforced the value of clear standards, thoughtful evaluation, and meaningful engagement with those we serve. Its approach has supported assisted living communities in delivering services that promote dignity, choice, and quality of life for older adults, while adapting to changing expectations and evolving models of care. As CARF marks this important milestone, ASHA looks forward to continued collaboration in shaping a future where quality, innovation, and person-centered services remain central to aging services.

Congratulations on 60 years of impact, and best wishes for the years ahead.

Most sincerely,

A handwritten signature in black ink that reads "David S. Schless". The signature is written in a cursive style with a large, prominent "D" and "S".
